NAVY PLANS CALL FOR WORLD'S BIGGEST DESTROYER FLEET

DANIELS UNFOLDS U.S. PLAN

Programs Call for Expenditure of \$350,000,000 for Construction of Flotilla of Wasps to Combat Submarine Menace; Plans Await Congressional Indorsement

(Associated Press by U. S. Naval Communication Service)

WASHINGTON, D. C. Aug. 27.—The greatest fleet of destroyers belonging to any one nation will be constructed by the United States if navy plans are sanctioned by congress.

It was learned today that Secretary of the Navy Daniels expects to submit to congress this week estimates amounting to \$350,000,000 for the construction of a great flotilla of speedy and powerful destroyers. It is understood this sum is the minimum estimate which they navy officials place for the reinforcement of this arm of Uncle Sam's sea forces.

The money will be used to expand shipyard facilities for rapid and increased construction, and to build additional engine and boiler factories. Naval designers are hard at work standardizing plans which will facilitate production, but exact details and the number of destroyers proposed to be built are being withheld for military reasons.

It is anticipated that the new war vessels will be constructed so rapidly that by the beginning of next year the navy will be strained to the utmost to supply officers and men to man the vessels, and the training of crews will have to be materially expanded.

THREE ALLEGED 'SLACKERS' ARE NABBED BY U.S.

Deputy Marshal Brings Hawaiians from Maui and District Attorney Huber Starts Criminal Prosecution

CLAIMS sworn to by District Attorney S. C. Huber have been issued from federal court charging three Hawaiians with "slacking." This is the first criminal prosecution of alleged "slackers" to be launched since the law requiring all male persons between the ages of 21 and 31 to register for military service went into effect here.

John Kakaia, Manuel D. Kaina and Charles Kaina, the defendants, were brought to Honolulu yesterday morning by Deputy U. S. Marshal Silva from Wailuku, Maui, where they were taken into custody several days ago by the sheriff of that county. They spent yesterday and last night in Oahu prison.

This morning the defendants were brought to Marshal J. J. Sullday's office where U. S. Commissioner George S. Curry fixed bond for each in the sum of \$1000. The complaints against the men were also issued this morning.

The complaints against the Hawaiians charge that they "unlawfully did willfully fail and refuse so then and there to present (themselves) for registration and to submit thereto as in said act provided and in said proclamation."

The act referred to is the one requiring the registration of all male persons between the ages of 21 and 31, and the proclamation is that issued by President Wilson on May 19. The complaints further point out that the defendants do not come within the class of citizens exempt from registration.

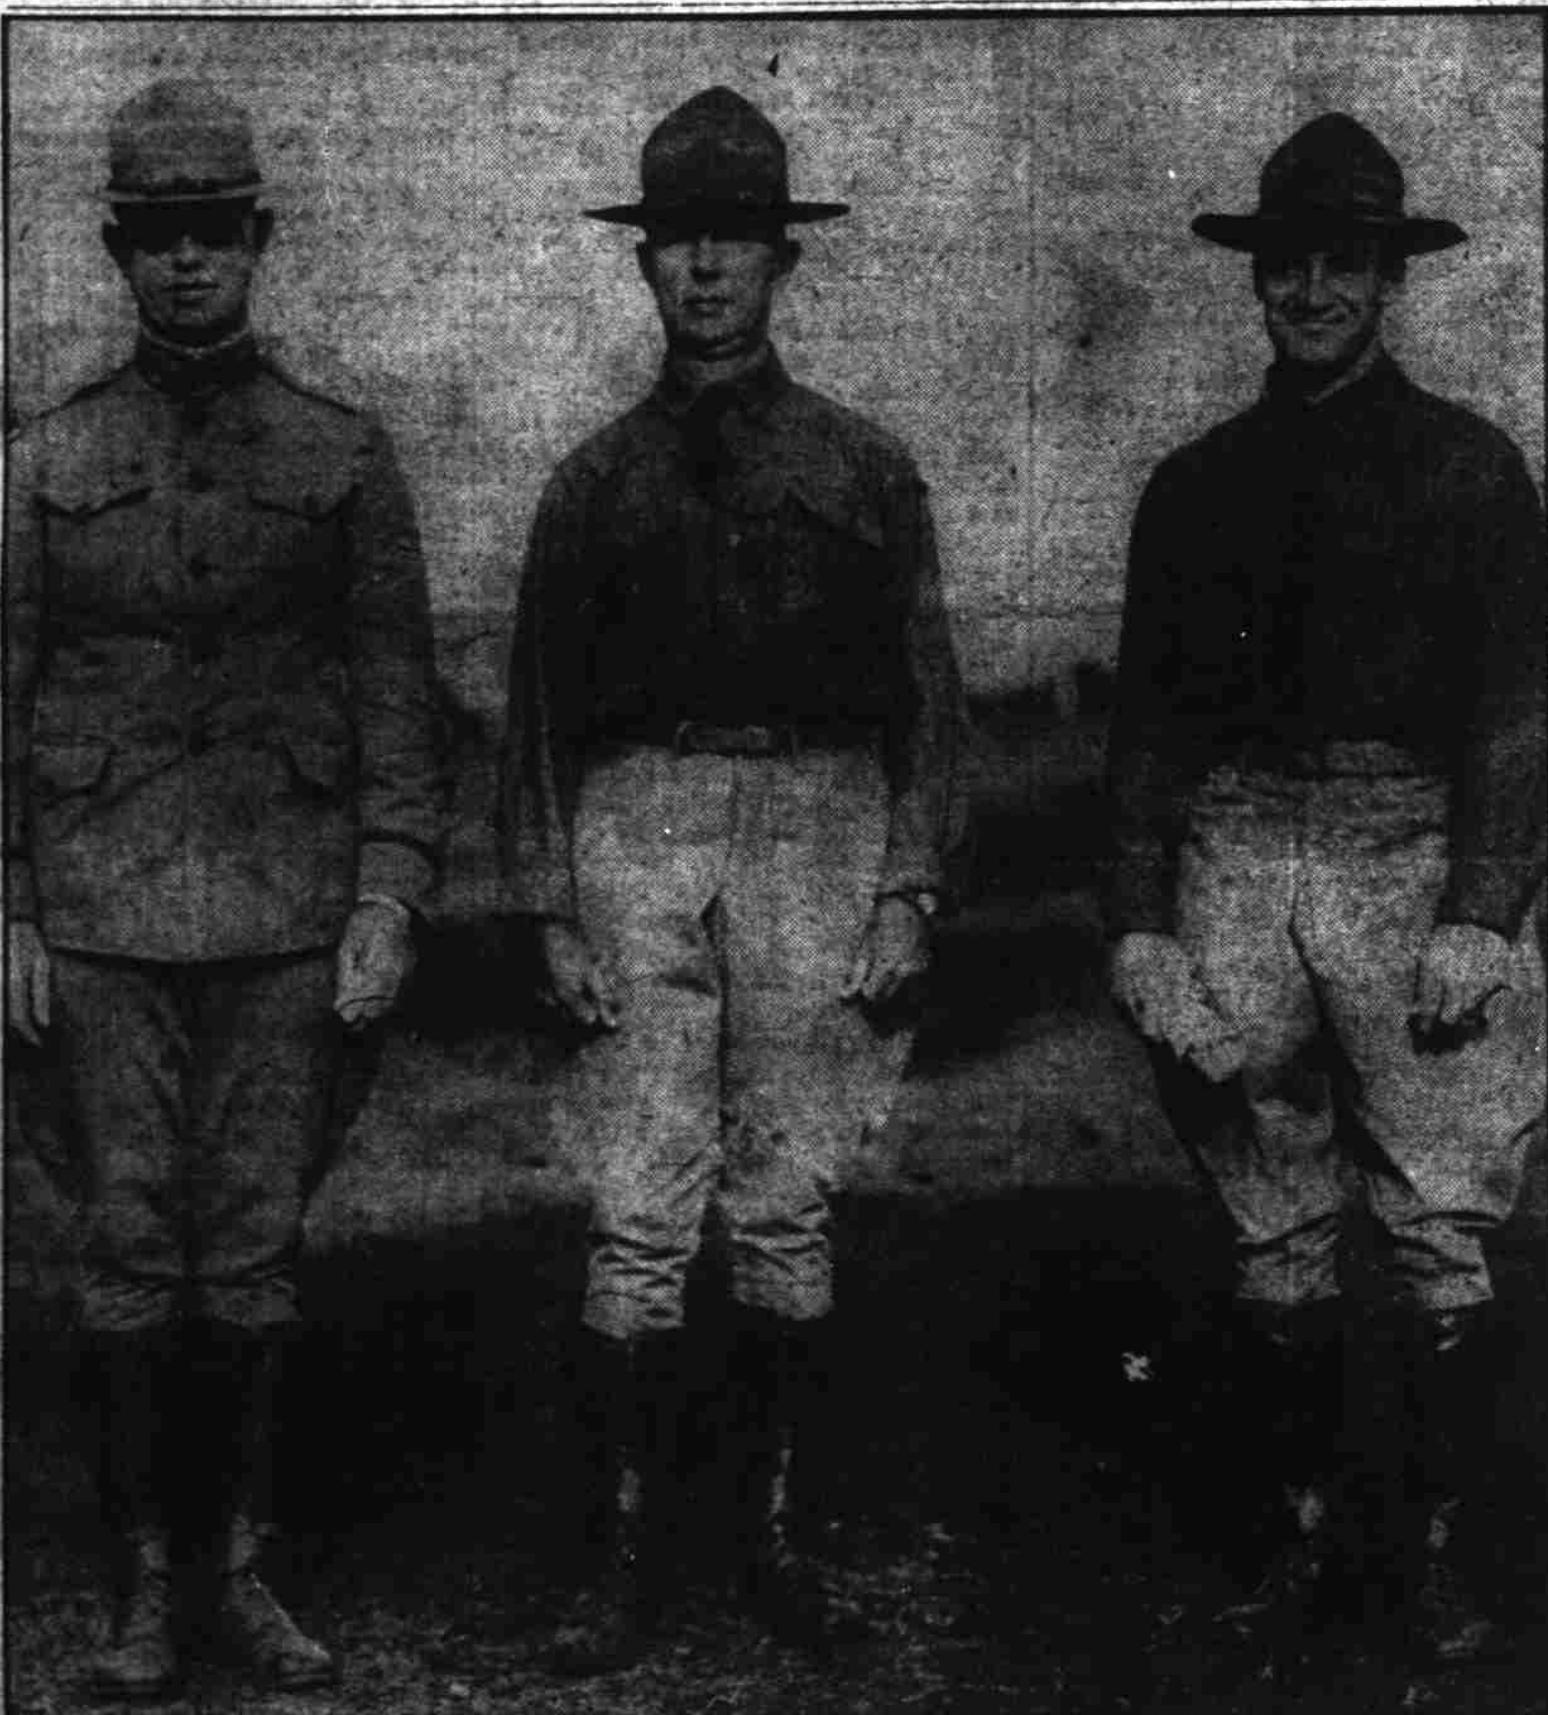

According to the story from Maui, the three Hawaiians declined to register on the ground that they were over the age limit; that is, that they were over 31 years old. It is declared that an examination of voting records showed that the men come within the age limit.

A commissioner's hearing of the case probably will be held within a few days.

GEN. CARTER TO HEAD CENTRAL DEPT.
(Associated Press by U. S. Naval Communication Service)
CHICAGO, Ill., Aug. 27.—Major Gen. W. H. Carter (retired) today was named command of the central department of the army.

HAWAII WAR COLLEGE OPENS AS DAWN'S FIRST RAYS LIGHT SCHOFIELD

'ROOKIES' SCURRY FROM BUNKS AS BUGLE NOTE USHERS IN R. O. T. C.

GERMAN PRISONERS WHO BALKED AT SALUTE GET TASTE OF U. S. DISCIPLINE

Teutons Interned at Schofield Change Their Minds When Officer Instructs Guard to "Make New Line Out of First Man Who Drops Out of It"—Huns Who Refused to Work Forced to Stand at Attention Four Hours

HOW a big group of German prisoners at Schofield Barracks were led to change their minds when they had decided not to stand at attention for an American salute, and also how they were induced to work in the soldier gardens at the post has just been learned in detail by the Star-Bulletin.

Rumor that the Germans had tried to oppose the authority of those over them has filtered in now and then, but here are the details of what happened at noon on July 4, when the 48 guns were being fired for the states and territories.

As the salute started, so the story goes, the Germans dropped into slouching attitudes and began to pass jokes back and forth, evidently bent on showing those about them that they would behave as they pleased. A body of soldiers on guard were sent over to them, and the Germans came to attention.

The rookie squad lined up before the training barracks at 7:15 this morning, immediately after breakfast.

Training camp officers: Left to right—Capt. Abraham, Capt. Hunt (commander), and Capt. Schneider.

RODIEK TO FACE TRIAL OCTOBER 30

(Associated Press by U. S. Naval Communication Service)

SAN FRANCISCO, Cal., Aug. 27.—It was announced today that Georg Rodiek, former German consul at Honolulu, and Heinrich Augustus Schroder, also of Honolulu, both alleged to be implicated in the Hindu conspiracies conducted in the United States with the object of promoting an uprising in British India, would be brought to trial October 30.

Presidential warrants have also been issued against Capt. Delmont of the refugee steamer, Holstia, and Capt. Elbo of the O. J. D. Ahlers, the former vessel a refugee at Honolulu and the latter lying at Hilo since the outbreak of hostilities. Both men are alleged to be dangerous aliens.

Despite July sun this medicine was administered, but it was enough. The next morning the group came out to express willingness to return to the fields. They haven't refused to work

300 HUNS TO LEAVE SEPT. 3rd

Orders Received Transferring Geier and Locksun Prisoners to Fort Douglas at Salt Lake; Co. D, 32nd Infantry, to Act as Guard En Route

THROUGH instructions received here from the war department, Schofield Barracks is to be relieved of the 300 or so German prisoners interned there. They will leave early in September for San Francisco to be taken from there to the government barracks at Fort Douglas, Utah. Company D, 32nd Infantry, has been detailed by the Hawaiian department to act as guards for the prisoners who will sail from here probably on the transport Sherman about September 3. The Sherman arrived late Saturday evening from the Northwest. Fort Douglas is three miles from Salt Lake City, Utah. There has been a large stockade built this summer at the post and a number of prisoners already moved there from Angel Island. It is also there that Bopp and von Schack may be removed from San Francisco, according to report.

Upon completion of this trip as guards to the Germans, Company D will return to Schofield Barracks.

These prisoners were taken from the former gunboat Geier early in February when an attempt was made to destroy her at a dock on the local waterfront. They were at first distributed to various posts, but later removed to a central location at Schofield.

MARRIED MEN MAY ENLIST IN MILITIA AGAIN

Pay on Active Service Must Be Enough to Support Families; Think Enlistment of Hawaiians Will Be Encouraged

IN RESPONSE to a cablegram sent last week by Governor Pinkham in cooperation with national guard headquarters, the war department has decided to allow again the enlistment of married men with dependents, providing their pay on active service will be sufficient to support their families.

Governor Pinkham's message was sent on Tuesday, and the reply to it was received late Saturday afternoon. The decision of the secretary of war in this matter is regarded of utmost importance to Hawaii, and gives every assurance that the Oahu regiment will now be built up to war strength. This strength has already been reached on the outside islands, each of which supports a battalion of infantry.

Brig-Gen. Samuel I. Johnson, adjutant general of the territory, commenting on the new ruling of the war department, said today that this special decision is one of the most important that has ever been made for the local guard.

"I anticipate the enlistment of a large number of Hawaiians, whose pay in active service would equal, along with food and lodging, as much or more than they are now getting," said the general. "It will also mean that married plantation laborers will come back into the guard."

ALLIES STILL PUSHING AHEAD ON ALL FRONTS

(Associated Press by U. S. Naval Communication Service)

PARIS, France, Aug. 27.—Strong German attacks were repulsed on the Aisne near Verdun yesterday, the Teutons suffering very heavy losses. The French maintained all their positions.

Besides their losses in killed and wounded the Germans left more than 1000 prisoners in the hands of the victorious allies.

CANADIAN FRONT IN FRANCE, Aug. 27.—Comparative quiet reigns around Lens, and the Canadian troops are busy consolidating the gains made during the past week.

The enemy have sent small storming parties against sections of the colonials' advanced trenches but no success attended their efforts. The enemy is occupying concrete cellars in the burned area of the town in front of the Canadian lines, but the chief incidents today were isolated encounters by patrolling parties.

LONDON, Eng., Aug. 27.—Allied airplanes today conducted an air raid in force on the airbases of the Germans at St. Denis and Western, Belgium. Considerable damage is reported to have been done.

Belgian and British troops today raided Teuton trenches at Wyttschaete.

BERLIN, Germany, Aug. 27.—Germans have recaptured Beaumont—the Verdun sector where they were ousted in yesterday's fighting. The fighting continues.

ROME, Italy, August 27.—The Austrians are reported to be putting up a strenuous resistance south of Monte Santo and a little to the north of Gorizia. The Italian troops are gradually overcoming the various points of resistance and the Austrians are reported suffering heavily.

ROME, Italy, Aug. 27.—Gen. Cadorna reports that over 500 Teuton prisoners were taken yesterday in the bitter fighting between Monte Santo and Gorizia.

Clouds of airplanes are bombarding the Austrian lines, and increasing the disorder.
PETROGRAD, Russia, Aug. 27.—Despatches from the Rumanian front today say that a powerful Teuton attack near Ocna was repulsed by the combined Russo-Ruman armies.

ALL HANDS ARE THERE FOR MESS

Ranchers, Clerks, Lawyers Rub Shoulders as They Launch Gastronomic Offensive; All Given 100 Per Cent Appetite Except Rookie Who Looked for Napkin and Found it Not

All applicants for the officers' reserve training camp will take the oath of allegiance to the United States this afternoon at 3:30 o'clock at Schofield. The oath will be administered by the camp commander, Captain Hunt. Prior to the oath a concert will be held beginning at 3 o'clock.

WITH bright sky overhead, the sun rising over a rugged hill, a bugle call, 200 feet stamped on the floor of a long brown building, alone on the plains of Leilehua, Hawaii today entered the war in reality. Hawaii had sent her sons to form the first real nucleus of an officer corps which would give these islands some position in army circles.

Hawaii has been an onlooker in the past. Today instead of sounding praises to the sons of other states and territories she sang the praises of her own sons, as the sun rose upon the first united activity displayed by the boys of the territory.

When the first bugle sounded this morning at the officers' training camp at Schofield Barracks, the "students" jumped from their bunks, hurried into

RUSS FACTIONS STILL SPLIT IN WAR CONFERENCE

(Associated Press by U. S. Naval Communication Service)

MOSCOW, Russia, August 27.—Premier Kerensky today reviewed the Slav troops stationed in the ancient capital of Russia, and in an address to the men declared he was convinced the Russian troops had the valor to drive out the enemy, and to crush any counter revolution which might arise as a result of pro-German intrigues.

General Korniloff, who also addressed the assembled troops, was greeted with great enthusiasm by the enormous crowds who had gathered to witness the review.

The fighting Slav leader said he had great satisfaction in being able to tell the army watchword at Moscow:

"The welfare of the country and the victorious conclusion of the great war."

The maximalists have decided to demand dictatorship by proletariat, it was learned today.

According to a London Exchange correspondent at Moscow, Kerensky's opening speech at the convention failed to satisfy a single party, and
